

INTELLECTUAL PROPERTY AND SAFETY

“Slouching Toward Disaster,” S. A. Batzer, and J. S. Morse, *ASME International Mechanical Engineering Congress & Exposition*, Denver, Colorado, IMECE2011-62934, November 11-17, 2011.

“Understanding Why Codes and Standards Fail,” S. A. Batzer, J. S. Morse, and D. Y. Lee, *ASME International Mechanical Engineering Congress & Exposition*, Denver, Colorado, IMECE2011-62037, November 11-17, 2011.

“Prevention Through Design – An Idea Whose Time Has Come,” J. S. Morse and S. A. Batzer, *ASME International Mechanical Engineering Congress & Exposition*, Lake Buena Vista, Florida, IMECE2009-12148, 2009.

“Occupant Protection via Frontal Crash Testing,” C. Thorbole and S. A. Batzer, *ASME International Mechanical Engineering Congress & Exposition*, Boston, Massachusetts, IMECE2008-68658, 2008.

AUTOMOTIVE ROOF CRUSH

“Diving Injury Occurrence in Rollover Collisions: A Critical Analysis of Malibu I, Malibu II and CRIS,” S. A. Batzer, *International Journal of Crashworthiness*, Taylor & Francis, Vol. 16. No. 2, April, 2011, pp. 219-232.

“Evaluation of Automotive Roof Strength and Pretensioner Performance on the Occupant Neck Load,” Thorbole, C. K., S. A. Batzer, and D. A. Renfroe, IMECE2010-37744, November 12-18, 2010.

“Axiomatic Design of Automotive Roof Structures,” Batzer, S. A., R. D. Burgess, and C. A. Brown, SAE 2007-01-0685, 2007.

AUTOMOTIVE OCCUPANT RETENTION SIDE GLAZING

“Automotive Side Glazing Ejection Mechanisms Part I – Model Development,” S. A. Batzer, G. G. Herndon, P. T. Semones, C. Thorbole, M. Ziejewski, and R. Hooker, *ASME International Mechanical Engineering Congress & Exposition*, Boston, Massachusetts, IMECE2008-68482, 2008.

“Automotive Side Glazing Ejection Mechanisms Part II – Review of Recent Glazing Literature,” S. A. Batzer, G. G. Herndon, P. T. Semones, C. Thorbole, M. Ziejewski, and R. Hooker, *ASME International Mechanical Engineering Congress & Exposition*, Boston, Massachusetts, IMECE2008-68483, 2008.

“Injury Analysis of Laminated and Tempered Side Glazing,” S. A. Batzer, C. K. Thorbole, G. G. Herndon, and D. Beltran, *20th International Safety Conference on the Enhanced Safety of Vehicles*, Paper No. 07-0101-W, Lyon, France, June 18-21, 2007.

HEAVY TRUCK ROLLOVER CRASHWORTHINESS

“Rollover Protective Structural Criteria for Heavy Trucks,” S. G. Richardson, G. Rechnitzer, S. A. Batzer, C. K. Thorbole, S. Crocker, D. Salikram, T. Pok, N. Josevski, and A. Short, *ICrash 2010*, Washington, D. C., September 22-24, 2010.

“Heavy Truck Roll Cage Effectiveness,” S. A. Batzer, B. E. Enz, G. G. Herndon, C. K. Thorbole, R. Hooker, T. K. Parnell, and M. Ziejewski, *ASME International Mechanical Engineering Congress & Exposition*, Lake Buena Vista, Florida, IMECE2009-12423, 2009.

MOTORCOACH / BUS ROLLOVER CRASHWORTHINESS

“Motor Coach/Bus Crashworthiness Systems – Occupant Retention,” S. A. Batzer, D. Beltran, G. G. Herndon, and M. Ziejewski, *ASME International Mechanical Engineering Congress & Exposition*, Lake Buena Vista, Florida, IMECE2009-12424, 2009.

“Performance Evaluation of a Portable Restraint for a Motor Coach Occupant in a Rollover Accident,” C. K. Thorbole, S. A. Batzer, and D. A. Renfroe, *ASME International Mechanical Engineering Congress & Exposition*, Lake Buena Vista, Florida, IMECE2009-12885, 2009.
